# EUROPEAN JOURNAL OF SCIENCE AND MATHEMATICS EDUCATION

The **European Journal of Science and Mathematics Education** aims to stimulate discussions on contemporary topics in science and mathematics education and to foster the application of the results in primary, secondary, and higher education in the countries of Europe and other countries. The journal is open-access, peer-reviewed and published quarterly.

# AIMS AND SCOPE

The **European Journal of Science and Mathematics Education** is founded to stimulate discussions on contemporary topics in Science and Mathematics Education and to foster the application of the results in primary, secondary, and higher education. The Journal is a platform for exchange of original ideas with particular emphasis on application. We welcome empirical and theoretical research papers, as well as papers on innovation of teaching techniques and technologies, and position papers.
